

**EYELASH ENHANCER
EYELASH SERUM**
with Sphinganine and Lycopene

PRESERVATIVE FREE - PARABEN FREE & PETROLATUM FREE - SILICONE FREE

Lycolash is a concentrated serum rich in actives to stimulate the re-growth of the eyelashes. The regular use of Lycolash aids a significant increase of length and volume of the eyelashes, strengthening them, making them more resistant to fall, thickening them and increasing their growth rate. The nutrients in the serum deeply penetrate the hair bulb which, once nourished, soon produces strong, thick and long eyelashes. The first effects are visible after just 14 days.

INDICATION

Lycolash is indicated for stronger and longer eyelashes, to nourish them and help them growing even after chemotherapy treatments.

CARATTERISTICHE E PROPRIETÀ

Vitamin Matrikine, Apigenina (a citrus flavonoid), Oleanolic Acid and Sphinganine actively work on re-growth, while Lycocerasome carry antioxidant and nourishing properties. Gentle formula. WITHOUT HORMONAL DERIVATIVES.

Thanks to the Airless supply system, Lycolash is protected from contact with air and does not alter its properties after the first use.

HOW TO USE

Lycolash is fast and easy to use, thanks to the brush provided. Before using the product, it is necessary to remove the makeup. Push the button once or twice to soak the brush with serum, then lay Lycolash over the entire eyelashes line and leave it until dry: in only a few seconds, Lycolash is absorbed by the hair bulbs and starts its action, strengthening the eyelashes. Use Lycolash at night, shortly before going to bed. Do not apply the product on the eye. Lycolash can also be applied on the eyebrows for thickening result.

ADVISORY NOTICE

Do not ingest. Store in a cool and dry place, away from heat and direct sunlight. Store below 25°C. Carefully close the product after use and keep it in the original package. For external use only. Keep safe from the sight and reach of children. The manufacturer/distributor declines any responsibility from improper use / different from the one outlined in the HOW TO USE section.
